## BIOGRAPHY

Everything revolves around emotions for Andrea: "Learning to appreciate the full spectrum of one's feelings is the key to enjoying life to the fullest". It is no wonder then that he decided to name his label "Emotive Sounds". The boutique label is widely regarded as a source of unique pearls, having released music of the highest calibre for years.

## PRODUCER

Andrea has been refining his sound as a producer, successfully combining the melodic, organic elements of his Latin culture with the minimalistic and functional approach of Scandinavian aesthetics. Tracks like "Impromptu", heavily championed by Nicole Moudaber, are a perfect testament of his artistic approach. Moving effortlessly between meditative, introspective cuts, and euphoric screamers, Andrea's tracks have gained the attention of a diverse list of industry heavyweights such as UMEK, Nick Warren, Joris Voorn, Eelke Kjein, and many more.

## DJ

With the "Feeling Emotive" brand, Andrea is diffusing his monthly radio show (broadcast on radio stations across the globe), in addition to the nightlife with his acclaimed label parties. Andrea has had the opportunity to perform alongside names such as Coyu, Rodriguez Jr., ANNA, Huxley, Dave Seaman, Noir, Jeremy Olander. With an innate capacity to connect with the crowd and a non-compromising attitude in the shaping of every set, Andrea is on a mission in creating club music as an art form.
